We guarantee no less than 98% authenticity of information

***The unique database of 123000 medical institutions in Russia and other countries of CIS
is our OWN development and includes
ALL regions of Russia in full
(not only Central part but also Chernozemye, Ural, Siberia, Yakutia ,the Far East...)
Ukraine, Byelorussia, Kazakhstan..***

We guarantee no less than 98% reliability of information

DO NOT HESITATE TO MAKE YOUR DECISION:

Now you have an opportunity to carry out marketing analysis of whether the specialists in Russia are interested in your product, even if you don't have a certificate on the territory of Russia.

You can be ahead of your competitors by advertising the products which are on the stage of licensing in Russia.

Russian companies which sell medical products can take interest in your offer and become your representatives, dealers, business partners in Russia.

And certainly invitations to specialized exhibitions, seminars can be sent...

We carry out Direct mail with the complete work cycle:

- development of a method for the best carrying out of Direct mail on the territory of Russia, taking into consideration the local features which may influence the maximum efficiency of the delivery;
- informative support in an individual selecting of the addresses from «ADDRESS-MED» data base;
- development of the models for printing;
- polygraphy of any type;
- preparation for the mailing out taking into account the local laws and normative rules;
- carrying out of the mailing through the state institution the POST of RUSSIA. The transmission of the correspondence ready to be sent is possible under the control and in presence of your representative.

All necessary coordination and negotiations can be operatively provided through e-mail.

In such enormous country as Russia, where the state electronic informative technologies are badly developed yet, the specialized Direct mail is the only way to provide every interested person with the necessary information.

We offer the following services:

- Selection from the data base of 123 000 MEDICAL INSTITUTIONS in RUSSIA and CIS.
- High quality polygraphy at low prices, delivery to the CLIENS in Moscow.
- Packing into the envelopes, stamping, marking of the addresses; delivery to the CLIENT of the correspondence ready to be sent.
- Direct-mail in "full" – the mailing of the advertising/business papers in ENVELOPES to the managerial staff and/or specialists.

To make it more efficient we can visit our CLIENTS in Moscow.

The unique data base of 123 000 MEDICAL INSTITUTIONS is our own development.

We DO NOT sell «ADDRESS-MED» data base!

We don't use the statistical data bases of the USSR or the population census for the mailing.

ORDER the free of charge selection from our data base on: info@address-med.ru

We're ready to provide you not only with the data of well-known hospitals and polyclinics, but also of little informatively included, regional, new, institutional and commercial medical institutions.

COMPARE the volume and quantity of our data

There aren't any entries of one and the same institution under different names.

In our base: ONE institution – ONE ENTRY

NEW SERVICE! CONFIDENTIAL DIRECT MAIL:

Preparation for the direct mail, delivery to your office in Moscow of the correspondence ready to be sent. The only thing you have to do is to transmit the correspondence to any post office you choose. In case of a highly confidential direct mail you can print the addresses yourself, according to your own data base.

①

Select the addresses from «Address-Med» data base of 123 000 medical institutions of Russia and CIS.

Use your own data base for the direct mail

②

Print on risograph or off-set print

Polygraphy of any type – on a high quality equipment: HEIDELBERG, Roland – postcards, booklets, brochures, envelopes of the firm ...

Transportation of already printed materials from your office or the printing office.

Polygraphy of our own, urgent printing in one day

③

Packing and envelope design according to the requirements of postal service, with marking of the postage marks (stamping, according to the correspondence weight)

④

Delivery of the correspondence ready to be sent to the Central post Office. The control of your representative is possible.

Delivery of the correspondence ready to be sent to you office or any Post office you choose.

***Use the unique "Address-Med" data base!
Contract guaranteed 98-99% reliability of addresses. 100% returned letters compensation.***

Full control from your side.

***You may present at the correspondence transmission to the Central Post Office.
(already stamped!)***

Sending the pattern of your advertising correspondence by e-mail lets you order prompt direct mail without leaving your office.

The fulfillment of the order of any size will take no more than 5 days!

The urgent fulfillment of the order within 1-2 days is POSSIBLE.

The high quality polygraphy is made on the modern HEIDELBERG and ROLAND equipment!

Stages of fulfilment:

1. *We provide the selection of the objects from the "Address-MED" database for the direct mail according to your requirements.*
 2. *We send the selected addresses to the "CLIENT" by e-mail in the format: city, object name.*
 3. *The "CLIENT" removes the unnecessary from his point of view objects and sends us the abridged database.*
 4. *It is possible to carry out combined selection of the objects from our database and your database without any repetitions.*
 5. *For the direct mail we can use your data only (including the handwritten addresses).*
 6. *According to the concerted object selection, the amount of the material and the calculation are defined.*
 7. *The design, the creation of the company style, pre-printing process, colorseparation, and colortest.*
 8. *We also can provide the printing according to your patterns (to make it more efficient you can use e-mail).*
 9. *Polygraphy of any type (from printing on the risograph to multicolored booklets, brochures, calendars) any amount and different kinds of folding and stitching.*
10. *Design of the envelopes of every type (from unicolor to multicolored).The professional design of the envelope makes the direct mail more efficient*
11. *A large range of high quality envelopes.*
 12. *We can use your prepared materials for the direct mail.*
 13. *The preparation for the direct mail: packing into the envelopes, marking of the address and the postage marks.*
 14. *The full service for Moscow companies with our coming to your office and the materials transportation.*
 15. *The mailing out of the prepared correspondence by Russian postal service (possible in the CLIENT's presence and under his control).*

***Ordering your mailing out from us,
you receive the professional approach to your advertising campaign!***

Classifier of «ADDRESS-MED» database.

No matter how complicated the selection conditions you have ordered are there will be no duplications in the base you will get for the coordination.

The following parameters can also be used for the selection:

grants or no-grants regions

economically active and developed regions

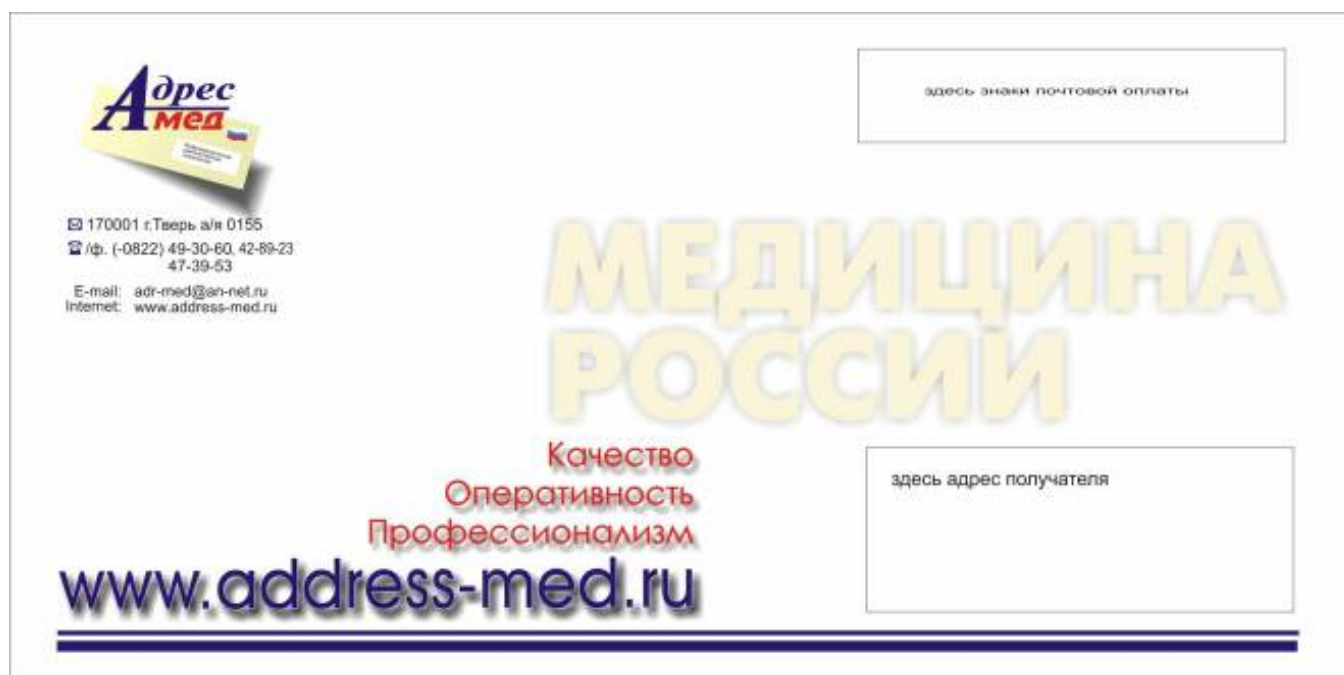

territory division in federal districts, regional centers and their regions and districts.
